TECHNICAL EXPERIENCE

Projects

- **Developer Social Network** (2019) Full stack social network for developers. Users can create a custom profile and add posts to the social network. **MERN stack - MongoDB, ExpressJS, React, NodeJS.**
<https://github.com/RdotSilva/MERN-Social-Network-App>
- **Song Lyric Composer** (2019) Full stack application that allows users to create songs based on randomized lyrics. Random lyrics can be imported and liked. **MERN stack - MongoDB, ExpressJS, React (hooks), NodeJS, GraphQL, Apollo Client.** <https://github.com/RdotSilva/MERN-GraphQL-Song-Lyrics>
- **GitHub User Search** (2019) React application that mimics github user search. Uses the React context hook for state management. Displays GitHub user information based on search criteria. **React (hooks), NodeJS.**
<https://github.com/RdotSilva/React-GitHub-Finder>
- **Personal Journal** (2019) Full stack mobile application that allows users to write and view private journal entries. **React Native (hooks), GraphQL, Graphcool backend, Apollo Client.**
<https://github.com/RdotSilva/React-Native-GraphQL-Journal>
